

# Gilead Is Advocating for Patients With Blood Cancer

## September Is Blood Cancer Awareness Month

In 2023, an estimated **59,610** new cases of leukemia will be diagnosed in the United States, and **23,710** people will die from the disease.<sup>1</sup> Blood Cancer Awareness Month aims to increase awareness of leukemia and other blood cancers through the **Turn It Red** campaign and other important initiatives.

## How Can I Support People Living With Blood Cancers?

### Join a community event

- Light the Night events are held in cities across the country. [Register for one near you](#)
- Unable to attend an event? Consider making a [donation](#)

### Give blood at a local blood bank

- Contact your local healthcare network
- Find a [blood bank near you](#)

### Learn more about blood cancers

- Find resources at the [Leukemia & Lymphoma Society](#)

The importance of blood cancer awareness doesn't end after September.

**Gilead is committed to advancing innovation in myeloid malignancies all year long**
